Westland Farmers & Artisan Market is made possible by the Westland Downtown Development Authority and City of Westland. Managed by the Westland Chamber of Commerce.

Welcome to Westland!

The City of Westland was pleased to hold a Ribbon Cutting Ceremony for RKA Petroleum at their new "Bumper to Bumper Maintenance Facility" at 468 Newburgh. We are also very pleased that they are purchasing over 4 acres of land just south of this facility for expansion. This means more job opportunities and highlights the success of RKA Energy (rka.com). RKA provides reliable and efficient petroleum transportation services for businesses. Since 1956, customers have trusted their experienced team of 80 employees to safely transport petroleum products where they need them, on time, and at a competitive price. With a fleet of modern trucks and a commitment to sustainability, they provide flexible solutions tailored to specific needs. Crain's Detroit Business chose RKA as one of the Coolest Places To Work in 2022, and we could see why. Thank you #RKA and we know you will continue moving forward and upward!

After a four-year hiatus, thanks to the pandemic, we are back to honor our friend Terri and her battle with ALS. Terri and her family are working hard to make sure she lives each day to its fullest with laughter, love, and fun! So, this year's long awaited charity golf tournament is paying tribute to a great classic golf film – Caddyshack! Let's dust off the golf bags, search for some vintage golf apparel, throw a Baby Ruth in your bag, and play some golf for my friend Terri! Then join us at the 19th Hole Banquet that follows for a fun meal, some drinks, and a raffle for some fabulous prizes. We promise that this will be a fun day with lots of Caddyshack surprises. Come dressed in your best Caddyshack themed golf attire and win a prize! Individual and team costumes desired. Who can be the best Chevy Chase, Rodney Dangerfield, Bill Murray & Ted Knight look-a-likes?

**Westland Police Department
Adds 20 Next Generation Hybrid Cars to Patrol Fleet**

During National Police Week, the Westland Police Department unveiled its next generation of hybrid electric patrol cars. The City of Westland purchased 20 Ford Police Interceptors for 2023 using American Rescue Plan Act (ARPA) funds. Each new vehicle features a 3.3-liter HEV engine with 318 combined horsepower. Ford describes the model as the, "first-ever pursuit-rated hybrid police SUV." Even with all of that power, the next generation engines are approximately 25% more fuel efficient than Westland's previous fleet of Ford Explorers. WLPD also opted for a new color scheme for the fleet, switching to Ford's Carbonized Gray. The patrol cars will be outfitted with all-new technology allowing for officers to have access to as much information as possible while on patrol or responding to incidents. As a police department, WLPD is committed to not only protecting the community, but also doing its part to reduce its carbon footprint. These cars will help the department patrol the streets more efficiently while also reducing emissions and promoting sustainability. "We are very proud to have one of the first police departments in the area to take the eco-friendly step of transitioning to hybrid patrol cars, and is a major achievement in our city wide commitment to responsibly moving to earth friendly practices", commented Mayor Michael P. Londeau.
